NOTICE--

EMPLOYMENT WANTED. ...

In approximately 20 years I will be seeking employment. At this time my education background has not been decided. On March 8, 2:45 p.m., I weighed in at 8 lbs 12 ozs. My hobbies will be rabbit and squirrel hunting, and fishing and I will participate in all sports. If you feel that you can use a high caliber person with the above qualifications, please contact my parents, Sgt. and Mrs. Newton Burnett at 718 East Grove Street, Rantoul, Illinois, or my Grandparents, Mr. and Mrs. Giles Burnett and Mr. and Mrs. B. F. Grimes.

## Signup For '70 Program Nears End

The 7-week period for producer signup in the 1970 Cotton, Wheat, and Feed Grain Programs is edging toward its March 20 deadline.

Although the Milam County ASCS Office will take applications to participate in the farm programs anytime through March 20, producers are urged to file applications as soon as possible.

The programs are voluntary and farmers sign up for them in order to take part. Signup brings into focus crop plans for the year ahead.

In short, farmers indicate their intentions to take part in the programs for 1970, including the extent to which they will participate in the wheat and feed grain programs.

Those who sign up and comply with the program provisions will earn benefits such as eligibility for price-support loans, price-support payments or wheat marketing certificates, and may earn payments for additional diversion for feed grain and wheat acreage beyond the diversion required for program compliance.

To earn these benefits, producers must comply with all program provisions including growing the crops involved within their agreements and maintaining designated acreage in soil conserving use.

Additional details on the commodity programs are available from the Milam County ASCS personnel aiding in the signup.

Mrs. Nellie Rech, with great granddaughter Tami Rech, age 9, of Victoria.

## L. Brantley Service Held 100th Birthday For Mrs. Rech

Leroy Brantley, 52, died at his home at 1700 N. Travis St. in Cameron early Tuesday morning following a long illness.

Mr. Brantley was born in the Maysfield community and lived in Milam County most of his life. He was a veteran of World War II.

Funeral services were held Wednesday at 4 p.m. in the chapel of Green's Funeral Home, the Rev. Thomas C. Dusek officiating. Burial was in Pebble Grove Cemetery near Maysfield. He is survived by his wife, Mrs. Helen Brantley of Cameron; four sisters, Mrs. Betty Phipps of Abilene, Mrs. Lucille Bryan Miller and Mrs. Mildred White both of Cameron, Mrs. Sharon Davis of Temple.

Six brothers also survive, Carl Brantley of Lake Jackson, J. G. Brantley of Dallas, John Brantley of Cameron, Edward Brantley of Houston, Leland Dean Brantley of Temple and Bob Brantley of Dallas.

Pallbearers were Aubrey Bridges, Darryl Shuffield, Elzy Harris, Freland Oliver, Virgil Kirk, and Eric Malone.

### MILANO JUNIORS ASK ENTRIES IN TALENT SHOW

Entries are open for a talent show sponsored by the Milano High School junior class to be held March 20 at 8 p.m. in the high school gym.

Entry fee for the contest will be \$1 and may be sent, along with a description of each entry, to James Hartley, P. O. Box 112, Milano, March 18 is the deadline for entries.

The junior class will sponsor a Mexican supper before the talent show, beginning at 6 p.m. Menu includes enchiladas, Spanish rice, beans, tossed salad, tea or coffee, at \$1.50 for adults and 75 cents for children.

Admission to the talent show will be 50 cents and 25 cents.

Mrs. Nellie Rech will celebrate her 100th birthday Friday with visits from Cameron friends and about 20 guests from her former home town of Smithville.

A charmer with an optimistic outlook, she hopes to "be around another 10 years to see the country get straightened out."

Mrs. Rech was born in Kansas in 1870. Her family moved to Indiana territory (now Oklahoma) where her father operated a railroad water pump station.

She moved to Texas as a bride and lived in Smithville from 1902 until 1961 when failing eyesight made it necessary for her to move to Cameron. For the past nine years she has lived with her daughter, Mrs. George McGehee.

Although schools were few and far between in her youth, a few years of classroom education and a mother who had been a teacher, gave her a drive for self-education through a steady stream of books.

Equally fascinated by the past and present, she has seen a

blend of history that few can equal. She cast her first vote in 1902 and has voted in every presidential election since.

She has seen her nation survive through wars, inflations, depressions, the flappers, zoot-suiters, beatniks and hippies, and is not worried about her country's future.

Mrs. Rech has two sons, a daughter, two grandsons, and three great grandchildren.

## School Has Anti-Litter Campaign

A striking bulletin board in the hall at Ada Henderson School asks, "Isn't Texas beautiful in the Spring?" The anti-litter campaign being conducted at school answers "Yes, and let's keep it that way."

Elementary students are making posters for the campaign, directed by Mrs. Mary Jo Stroup, art teacher. The posters will be judged on March 18 and will then be displayed in the Cameron business district.

The campaign is sponsored by the Texas Highway Department represented by Arthur Bowling, and by the Cameron School District, represented by A. L. Zelisko, elementary principal.

First place plaques made by the Texas Highway Department will be presented to the winners in each grade. Ribbons will be awarded for other outstanding posters in each class.

### SCHOOL BOARD MEETS

The Cameron School Board will meet at 7 p.m. Thursday (tonight) at Ben Milam School.

# More Rain Soaks Wet County Land

## Chamber Lists 1970 Leadership

The Cameron Chamber of Commerce has announced completion of the list of 1970 directors with the appointment of Ed Laywell and Roy Jennings to the Board.

The new officers, directors and committee chairmen will formally take office at the March 30 Chamber banquet.

Committee chairmen for 1970 are:

Agriculture - Ed Laywell, Civic Improvement - Roy Jennings, Education - O. G. Chamberlain, Fire Prevention - Jim Camp, Highway and Good Roads - LaVert McKinney, Industrial - Narvie Caperton.

Also, Membership - William Kelm, Broiler Program - Gene Smitherman, Public Relations - Henry Siebman, Street Beautification - Jimmy Bledsoe, Tourism - Mrs. Perry Holder and Miss Mildred Thornton, and Trade Development - Ed Schiller Jr.

Tickets for the banquet, at which Gov. Preston Smith will be guest speaker, are on sale until March 23. Forrest Sapp is ticket chairman.

A reception from 5:30 to 6:30 at Cameron Public Library will precede the banquet, and will be open to the public.

New officers are Rev. J. E. Lafferty, president; Robert Ellett, first vice president; and Don G. Humble, second vice president.

Directors include: Lester William, McKinney, Bledsoe, Miss Thornton, Camp, Smitherman, Laywell and Jennings.

### BATES TO MOVE

Rosebud School Supt. Billy R. Bates, 38, was elected Friday as new superintendent of the 3,300-student Waxahachie School System.

## To Reclaim Area . . . Landfill For W-L Park

Mayor E. A. Perrin this week noted city plans to begin approved fill-system disposal in a two and one-half acre area on the west boundary of Wilson-Ledbetter Park.

Mayor Perrin notes the present 10-acre dump grounds west of Cameron are all but full.

And he emphasizes the landfill system, required by State Health Dept., would be used in the new area as it has been in the old dump ground since 1969.

State law requires that two feet of earth be smoothed over any refuse placed in a city dumping area each evening. This process eliminates possibility of insect or other pest infestation in a dump ground site.

No burning is allowed in a dump ground site any longer, nor any open trenches allowed overnight. Refuse is hauled in during the day in Cameron, for example, and buried under the two-foot landfill each evening by a city bulldozer, specifically purchased for the purpose.

Mayor Perrin emphasizes the method would be followed in the Wilson-Ledbetter site until the low ground, now occupied by scrub oak, mesquite and cactus, is leveled and beautified.

The area would lend beauty to Wilson-Ledbetter Park, he said.

Other low areas in the Cameron vicinity, both within and without the city limits are possible fill areas. Some do not drain and present a mosquito problem during the warm, rainy season, officials point out.

Materials buried in the land-

## Court Ups Food Program Limits

County Commissioners accepted a state recommended increase in maximum allowable income to qualify for the surplus commodities program and opened printing bids at their regular meeting Monday.

Commissioners meeting at Milam Courthouse, voted unanimously to raise the allowed individual income for surplus commodities from \$110 maximum monthly income to \$125.

The increase accepted by commissioners also increases allowed income for families, with a maximum of \$330 income for a family of 10.

Lloyd Lamere, commodities officer manager, said 2,344 were on the surplus commodities role in Milam County, more than 10 percent of the county population.

### Library To Hire Aide To Librarian

Cameron Public Library board Monday night reviewed monthly budget items and applications for assistant librarian.

Dr. George Bowman, president of the Board, said the board voted to employ an assistant from a field of eight applicants who would work about 20 hours a week.

Library funds total \$5,996.84 from all sources, including \$1,000 annual contribution from Milam County and the monthly \$291 from the City of Cameron from a tax source.

Book purchases continue through the library book committee, Dr. Bowman reported. Book fund of the library shows a balance of \$2,695.35.

A drainage line running north-east across the library lot has been installed to carry off excess water from the library parking lot and north west corner of the building.

A plaque for dedicated service was approved to be presented to Mrs. Tom Wardlaw, library assistant from 1957 to present.

## T'dale C-C Banquet Set

The Thorndale Chamber of Commerce will hold its sixteenth annual banquet on Monday, March 16 starting at 7:30 p.m. at the Firemen's Recreation Hall.

Guest speaker for the banquet will be Thomas C. Alderson Jr., Taylor attorney.

Outgoing Chamber President Wilburn Moerbe will hand his gavel over to Harvey Kelm, incoming president. Other new officers for 1970 are Louis Woelfel Jr., vice president, and W. C. Rodenbeck Jr., secretary-treasurer.

Dinner will be served by the Thorndale Fire Department Auxiliary and Helmer Dahl will provide organ music for the annual affair.

### GRAHAM'S PLACE IN SHOW

Ben and Burt Graham of Milam County were entered in the Brangus Junior Houston Livestock Show and Exposition last Thursday, March 5, and won two third places and one 6th place. Accompanying them were Roy Downey and Shelby Smith, FFA Chapter Advisor.

fill system decompose in relative short time, particularly paper items and food materials. Only aluminum is all but indestructible and could be subject to sorting.

The landfill system actually increases the fertility of a fill area, such as the site now being closed by the City. The 10 acres may be leased or sold by the City, Mayor Perrin says.

"THIS IS IT" - Cameron's landfill dozer works in a trench near the north fence which marks the boundaries of the city dump grounds. The 10-acre site is full, but

## Gale Dumps 2.70 Inches Here Friday

If its true that March goes "out like a lamb" that lamb will be a shivering, soaking wet animal at the rate rainy weather is holding on here in Milam County. And if April showers fall, pontoons may be in order.

Nearly three inches of rain fell in Cameron during a violent storm Friday night which downed trees and interrupted power for a short time at Buckholts. Official rain total was 2.70 inches.

No official wind speed was available but gusts were estimated at 40 to 45 miles per hour during the height of the storm.

A large sign at the 77 Drive In Theatre was blown down, as were two trees in the city. Lights in Buckholts were out for 40 to 50 minutes, according to Texas Power and Light Co., before service was restored.

The deluge sent creeks out of their banks, including Elm and its tributaries. Water that has been standing in low areas since the heavy rains of February is still standing, the ground too wet to soak up any more moisture.

Rainfall so far in 1970 is ahead of 1969, when 8.46 inches were measured for the first three months. Rainfall total for 1970 is 10.16 inches through March 10, according to city water department records.

Heavy clouds kept Milam Countians from glimpsing any part of the solar eclipse on Saturday, and the clouds returned Tuesday after two days of near-perfect sunny weather Sunday and Monday.

Looks like a soppy spring is in store for 1970.

## One Stomach, No Craw . . .

Next time someone tells you something "sticks in his craw", look benignly as possible at him, and ask:

ONE--Is he a bird? Stunned to silence, he might wish you to ask, rather:

TWO--Does he have two stomachs?

If you aren't struck down by this time, you suggest you:

ONE--Know he isn't a bird, or even a cow, and,

TWO--Are only making a point about cliches.

We use words so much that cliches are handy crutches which mean nothing, by over-use, or the wrong thing.

Craw, says the dictionary, "is the first stomach of a bird, or its crop." Or it can

be "the stomach of any animal."

A bird's "crop" is a "large pouch-like reservoir at the base of the distensible gullet, serving for preliminary mastication of food."

If the man thought he was suggesting he had a pouch hanging beneath his chin, his words would choke him somewhere between his tongue and front teeth. And though in this day of ulcers he may wish he had two stomachs, he certainly wouldn't intimate he had more than one.

"Craw" goes pretty well before "fish" or "dad" otherwise. We have no idea how many stomachs they have.

At last count, man has only one. And no craw.

## Barracks Humor . . .

Caught in the middle of the long controversy over American involvement in Vietnam is the GI. In most cases a draftee, he has little to say about the war. He is there because duty says he must be. Some stoic barracks humor flourishes, nevertheless, as this bit of graffiti recently sent home shows:

"We are the underpaid, working with the unfortunate, supporting the unwilling, pursuing the unexplainable, to attain the unreachable, by helping the unqualified to govern the unconcerned."

After five years of fighting --the longest American war of this century--it is a tribute that he can still joke about it. Milwaukee Journal

## Kubiak On Committee To Study 4-Quarter Schools

AUSTIN Rep. Dan Kubiak of Rockdale has been named by Speaker Gus Mutscher to serve on an interim committee to explore the feasibility of the operation of a four-quarter schedule in Texas public schools.

The Four-Quarters Programs in Public Schools Study Committee is authorized by HSR 365 and was authored by Rep. Kubiak.

The other House members appointed to the Committee by the Speaker are Rep. Jack Blanton of Carrollton, chairman, and Rep. Delwin L. Jones of Lubbock. Three more members will serve on the Committee, one

each from the Texas State Teachers Association, the staff of the Texas Education Agency and the staff of a Texas public school or institution of higher learning.

The study will include a review of the programs in operation in other states, the expense of the programs and the advantages and disadvantages encountered where four-quarter schedules have been initiated.

According to the resolution, a number of states have inaugurated four-quarter programs covering the entire 12 months of the year, with school children allowed to attend on either a nine-month or a twelve-month schedule and permitting admis-

sion at the beginning of any quarter.

The resolution continues, "Advantages claimed for the four-quarter system include utilization of buildings and other facilities throughout the year without three months of costly vacancy and inactivity; employment for teachers for 12 months, instead of nine or ten, if they so desire; opportunity for students to advance as rapidly as their ability permits, should they wish to do so; admission of six-year-olds to school as soon as they reach school age, instead of waiting for a new school year; and variations in holiday or vacation periods to suit the convenience of families as well as teachers and school administrators."

In other action, the board: \* Reversed the Taylor County School Board order to transfer 73.9 acres of land and 10 pupils from Wylie to the Abilene School districts, on grounds that local trustees made the original decision in a secret meeting. . . which is not legal under Texas laws.

\* Approved for readoption \$3,076,149 worth of textbooks in 36 subjects covering all grades.

\* Awarded a \$150,000 contract to Texas A&M University to train driver education teachers and teaching assistants in two summer short courses.

\* Heard a report that there is no significant disadvantages for driver education students from use of non-degree teaching assistants in driving courses.

\* Voted to continue the School for the Blind project to develop a perceptual training program for visually-handicapped children into 1971 under a new

Dateline Austin . . .

## State Board Approves School Fund Assignments

By Vern Sanford

AUSTIN Local school districts will contribute \$217.2 million toward financing Texas' basic foundation education program in 1970-71. State Board of Education settled on this figure in approving local fund assignments of approximately 20 per cent of the total program cost. State pays the rest.

The 61st Legislature set local fund assignment at \$204.9 million, plus 20 per cent of the cost of new programs.

The Board approved the economic index for each of 254 counties, determining the contribution to be made by districts as a fair share of costs. Each district is further assigned an amount based on the percentage of tax valuations. Tentative indexes have been mailed to districts and county superintendents.

Economic index is re-computed each year, based on three-year averages of valuations, scholastic population and income.

In other action, the board: \* Reversed the Taylor County School Board order to transfer 73.9 acres of land and 10 pupils from Wylie to the Abilene School districts, on grounds that local trustees made the original decision in a secret meeting. . . which is not legal under Texas laws.

\* Approved for readoption \$3,076,149 worth of textbooks in 36 subjects covering all grades.

\* Awarded a \$150,000 contract to Texas A&M University to train driver education teachers and teaching assistants in two summer short courses.

\* Heard a report that there is no significant disadvantages for driver education students from use of non-degree teaching assistants in driving courses.

\* Voted to continue the School for the Blind project to develop a perceptual training program for visually-handicapped children into 1971 under a new

\$69,041 contract with the U.S. Office of Education.

involved people in the decision-making process."

COURTS SPEAK

In a precedent-setting case, State Supreme Court held that mineral rights are dominant over surface rights lands condemned by government agencies.

Owners have a right to reasonable use of the surface to get minerals under such lands, says the Court, and where public use interferes with recovery of minerals, a second condemnation proceeding is necessary. Case involved 7.6 acres of land condemned by Chambers - Liberty Counties Navigation District.

High court also agreed to hear arguments April 1 as to whether a house owned by the San Antonio Methodist Church should be exempt from property taxation. House is used as a residence for the church's district supervisor. Fourth Court of Civil Appeals earlier reversed a local district court which contended the house is exempt.

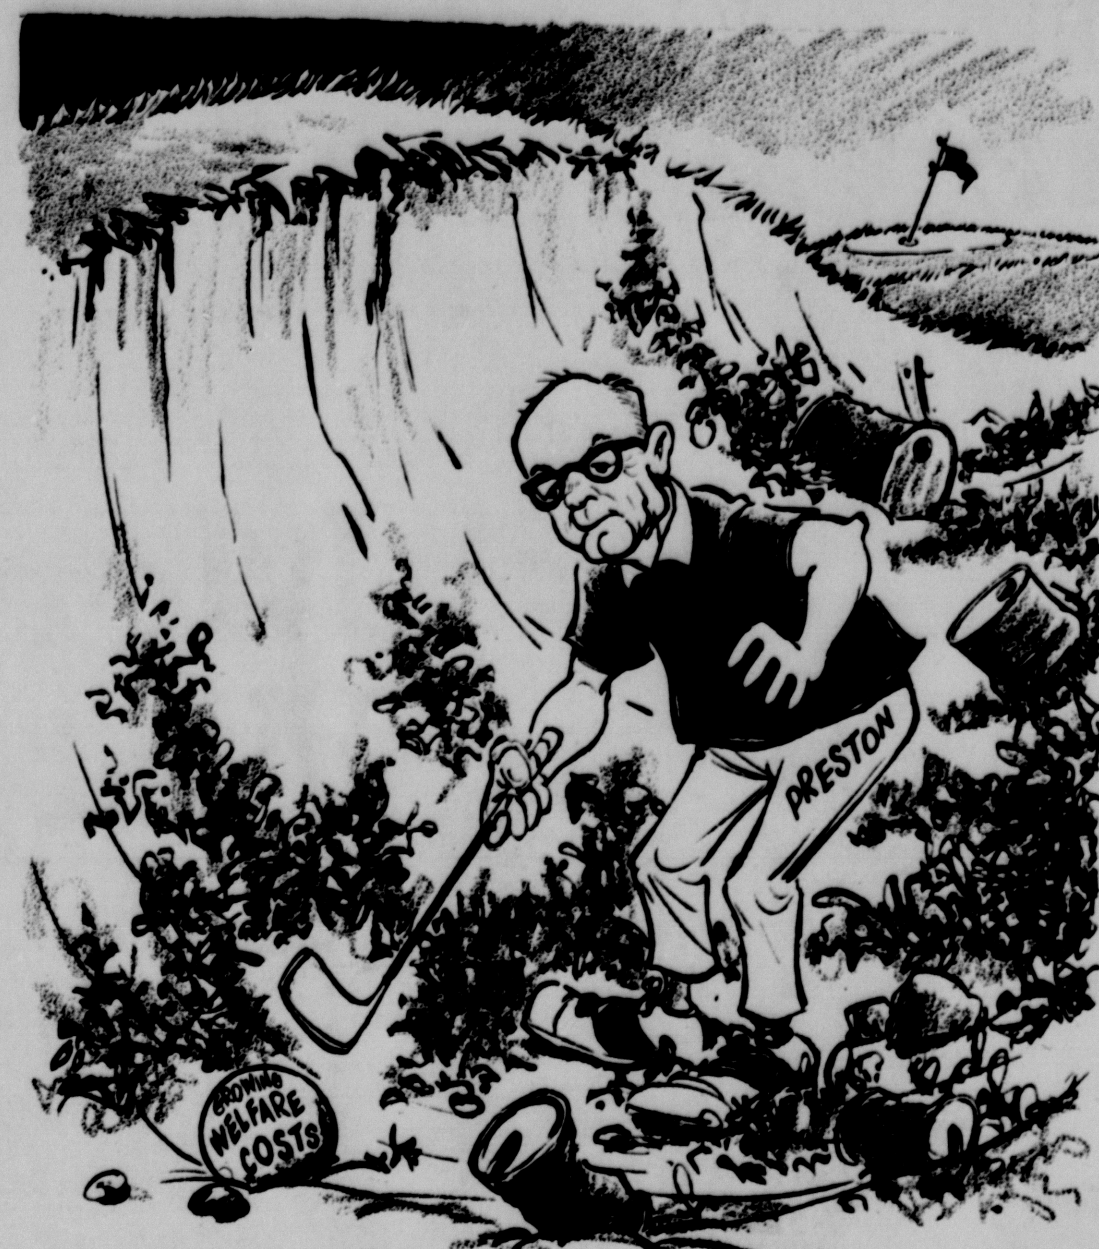

Abilene appeal from judgment of \$29,545 favoring a landowner whose 35 acres were condemned for a city airport was rejected by the Supreme Court.

GOALS IDENTIFIED

Phase II of Gov. Preston Smith's "Goals for Texas" program was kicked off when representatives of each of the 21 planning regions of the state came to Austin for a conference, and presented recommendations for improvements in the Texas way of life.

These recommendations will form the basis of his 1971 recommendations on state goals, says the governor. Smith sees the process as "bringing the government close to the people" . . . a procedure he favors.

"If we win, he will have made state government more responsive and more relevant to all Texans," he said. "We will have taken the leadership among our sister states in providing solutions to our own problems and, more important, we will have

IN THE ROUGH

## OLD PHILOSOPHER

Dear editor:

According to the news in two different newspapers I read out here, the President of France, Mr. Pompidou, got his feelings hurt while he was in this country because some people demonstrated against him.

I don't understand this. You'd figure the President of France reads newspapers and watches television and therefore knows how we treat public officials in this country.

Why, everybody knows for example that former Vice President Humphrey hasn't had to write a new speech in months because the hecklers won't let him make the one he's got on hand. A handful shout him down every time on every campus he's invited to.

What the shouters have discovered is that a few people can break up nearly any speech if they want to. Had they been of a mind to, they could have broken up the Sermon on the Mount.

As a result, about the only way a President or Vice President or a Cabinet member or an ex-member of this group can make a speech uninterrupted is to fly to a studio in a helicopter, come down through a hole in the roof, talk quietly into the television camera, and then escape by the same route.

I understand the shouters consider this unfair play, since obviously they don't have enough people to put a heckler in front of every family's television set, and also it wouldn't be very safe, as a lot of people want to hear what aman's got to say, whether they agree with him or not, and such invasion of privacy might lead to a type of violence

the shouters couldn't bear up under. You interfere with man's television program in his own home and you're in trouble. Ask any kid.

Recognizing this, you reckon the shouters, seeing as how they're stymied from breaking up a speech if it's delivered on television, will now demand on the grounds of constitutional free speech the right to place hecklers in a studio every time a speech is being televised?

You reckon they'll take it to court? You reckon the courts will entertain such a suit? If it gets all the way to the Supreme Court, you reckon . . . aw, the court wouldn't do that, would it?

Yours faithfully,  
J. A.

## You Don't Say . . .

SEASONABLE

if you are referring to "characteristic of, affected by, or occurring at a certain season."

SEASONAL is correct for the above meaning.

SEASONABLE means "being in keeping with the season. Done at the proper time; ready for season."

Example: Seasonal rains, seasonal winds, seasonal sport, etc. The class planned a seasonal play, seasonal advice, seasonal time for discussion.

One could say SEASONABLE weather but one would hardly say SEASONAL advice, etc. Copr. by Adria Allen

OIL SPILL REPORTED

A "major oil spill" resulting from a pipeline leak into water supplies of Mineral Wells and Santo Water Supply Corporation has been reported to Governor Smith.

Site of the 500-barrel spillage is on the south fork of Palo Pinto Creek near the Gordon community. It occurred when a bulldozer operated by a farmer apparently broke an eight-inch, high pressure pipeline. State Health Department was called in to protect the health of area residents, and the Water Quality Board said the attorney general may be asked to file suit against negligent parties.

SPURN FOOD PROGRAMS

Eight counties still refuse to participate in free food distribution programs for the poor, reports the Texas Welfare Department.

Counties are Gillespie, Kerr, Uvalde, Bowie, Edwards, Randall, Roberts and Colorado, Department said. Another 29 are undecided or have not indicated a preference to welfare officials.

In any county which refuses to cooperate in a food assistance program, Welfare Dept. will, under court order, operate a commodity distribution program at federal expense, Commissioner Burton Hackney said.

Bentsen, Senator for the Seventies.

## ROGERS-

The Rogers Public Schools will be dismissed all day Friday, March 13 for the teachers to attend the District XII Teachers Convention in Waco.

The general session will be held in the Heart of Texas Coliseum in the morning. At noon, Supt. B. F. Harbour will attend the School Masters luncheon with his guests, Rogers principals Donald Godwin and Darwin Schwertner.

Sectional meetings in the afternoon will start at 2.

### JR. HIGH STUDIES LAW

The eighth grade social studies class, taught by Mrs. Bennie L. Harris, started the yearly unit of "You and the Law," as required by Texas law.

The unit was introduced by Principal Schwertner on Monday, with Supt. Harbour speaking to the class Tuesday. His talk included obsolete laws, obeying laws, and respect for law enforcement officers.

State Rep. John Bigham will visit the class this week and the students will visit Bell County jail and courthouse next week.

A visit from Leroy Schiller, former student and now State Highway Patrolman, will be featured the week of March 23-27.

The class will tour the State Capitol on March 21 and visit the State School for boys at Gatesville on April 4. A deputy from Sheriff Lester Gunn's staff will talk to the students the following week.

## Maysfield

By Mrs. J. P. Wise

Mr. and Mrs. A. D. Brown of Houston were in Maysfield Saturday.

Bill Wise and son Hudson of Angleton spent Friday night with his mother, Mrs. J. P. Wise. Mrs. Wise visited in Angleton the past week.

Mrs. W. C. Cooper spent last weekend with her son and family the Carl Coopers in Bastrop.

Mr. and Mrs. E. B. Yager went to Austin Tuesday to visit his sisters. One sister, Mrs. May Smith was celebrating her ninety-fourth (94) birthday.

Mrs. Bartle Creanon and Miss Ellen Francis Creanon of Cameron and Miss Mary Gleason of Burlington visited Mrs. Vina White Sunday.

Mrs. Leroy Messingale of Austin spent the weekend at her Maysfield home. Her brother, Mr. Pool Jamison of Freeport visited her during the weekend. Mr. Heywood McCollum visited his sister in Thrall Sunday.

## Beef Cattle Day At McGregor

By J. D. Moore

"Designing Cattle for Tomorrow's Needs" will be the theme of the Beef Cattle Field Day to be held at the Agricultural Research Center at McGregor on Thursday, March 12.

Tours to observe cattle research groups will start at 9:30 and continue to 12 noon.

A barbecue lunch will be catered by Walter Jetton Corp. Following the noon meal, Dr. L. S. Pope, associate dean of the College of Agriculture at A&M will MC the afternoon program that will feature such topics as: Breeding for efficiency of production, Breeding beef cattle to utilize hybrid vigor, Specialization for registered beef cattle breeders, and Current economics of feeding cottonseed to beef cattle.

An auction sale of surplus breeding bulls and crossbred heifers at 2:30 p.m. should be of interest to cattlemen. Seventeen gain tested bulls and 14 crossbred heifers will be sold.

"Crossbreeding has opened a challenging new era for purebreds, an era in which the emphasis should be on producing the best cattle for specific purposes, not on producing the best cattle for general purposes," says Dr. T. C. Cartwright of the Texas A&M Animal Science Department.

Hybrid vigor shows up as an increase in reproduction rate, calf livability, growth rate, and feed conversion. Each of these traits has a bearing on returns from cattle.

To realize benefits from crossbreeding, both calves and their mothers must be crossbreds.

Generally, two-breed crossbred cows are more fertile and make better mothers than do straight-bred cows.

The potential increase in efficiency may equal 15% to 25% when all traits are considered according to animal scientists.

## Farm Bill Rejected By Five Groups

Five national farm organizations have issued a statement rejecting the proposed bill released by the U. S. Department of Agriculture.

The bill proposes setting price support loans on a sliding scale from zero to 90 percent of parity at levels "to encourage the exportation" of commodities.

The organizations protesting the bill are: The National Grange, National Farmers Organization, Farmers Union, Mid-Continent Farmers Ass'n, and National Association of Wheat Growers.

"This proposed bill... is totally unacceptable," the statement said. "It would give him (Secretary of Agriculture) more power than any Secretary of Agriculture in the history of the Nation."

The most likely result of the legislation would be to reduce farm income by lowering support levels, the statement continued.

Another feature of the proposal the organizations called unacceptable is the requirement that payments to producers could only be made after specific appropriations were made by the Congress.

"On balance," the statement concluded, "we will urge the Congress to reject this proposal as inadequate, unsound, and dangerously political. We will continue to support passage of the Coalition Farm Bill which has the firm support of 25 general farm and commodity organizations representing a majority of the Nation's farmers."

## SAFEWAY BUYS LOCAL 4-H'ER SHOW STEER

Safeway Stores, Inc., purchased the steer shown by Della Laywell of the Countywide 4-H Club, at the Fort Worth Livestock Show this year. The Hereford steer placed 11th on the hoof in the carcass contest and won first in its class in the carcass half of the contest.

In replying to Della's letter of thanks to Safeway, Ira Kiker of Safeway said, "We congratulate you and all other boys and girls who did an excellent job in producing and showing your calves at the show."

"We wish you every success in your activities and hope to see you again at the show."

## Sharp - Tracy

By Mrs. Leroy Guillote

Two deaths have saddened our area. Mrs. Ethel McBurnett passed away in Richards Clinic and Hospital after a lingering illness. Mr. Floris Abel died of a heart attack in Scott and White Hospital in Temple.

Mrs. Dorothy Mitchum and children of Buckholts spent Saturday with Mrs. Blanche Mitchum. Mr. and Mrs. Frank Kolka and Mrs. Emma Kirchwitz of Rockdale spent Sunday afternoon with Mrs. Max Rinn and Agnes.

Mr. E. B. Baggett spent two days in the Newtons Hospital in Cameron.

Mr. and Mrs. Zane Bales visited with Mr. Jim Bales, Mr. J. W. Pope and Mr. and Mrs. Leroy Guillote and family Saturday.

J. C. Walker and family were guests of Mrs. Minnie Lee Collier over the weekend.

Dennis Shelton visited his parents, Mr. and Mrs. J. T. Shelton Sunday.

Mr. and Mrs. Marvin Pope of Alice were guests of Mrs. Pope's parents, Mr. and Mrs. Clifford Walker.

Guests of Mr. and Mrs. J. R. Shelton were Mr. and Mrs. Kermit Shelton, Mr. and Mrs. Jerry Gilmore and Mr. Wade Cryer.

Friendship Ladies meet with Mrs. Minnie Lee Collier Tuesday to quilt.

Mrs. Sam Graham has returned home after spending several days in St. Edwards Hospital in Cameron.

Mr. Rome Shelton remains on the sick list.

# TOWN and COUNTRY

RED CROSS DRIVE for additional funds has been proclaimed by Milam County Judge O. B. Harden, right, in non-United Fund areas.

With Judge Harden are G. W. Hutton, County Chapter chairman, left, and Sister Aloysius, blood program chairman.

## Red Cross Fund Drive Goes Through March

Hurricane Camille, severest U.S. disaster in 1969, has put the American Red Cross in desperate need of additional funds for 1970.

As a result, Milam County Judge O. B. Harden has proclaimed March as American Red Cross month for Milam County areas not covered by recent United Fund drives.

Persons not contacted during the recent United Fund drive may, explained Hutton, send donations directly to H. D. Maxwell, Treasurer of Milam County Red Cross Chapter, P. O. Box 32, Cameron, Texas, 76520.

However, to insure canvassing of non-U.F. areas, the following communities will be covered by drive chairmen as indicated:

Yarrelton: Clarence Colburn, Route 2, Buckholts; Branchville, Maysfield: Mrs. John Pagach, Route 4, Cameron; Marak: Mrs. August Hubnik, Route 2, Buckholts; Clarkson: Mrs. Melvin Prover, Route 2, Rosebud; Buckholts: Vernon Dunigan, Buckholts; Jones Prairie: Mrs. Verne Pentecost, Route 2, Cameron; Burlington: Father R. J. Rieck

of Burlington. Also, Salem: Mrs. Alvin Mullinax, Route 1, Cameron; Ben Arnold: Rev. C. E. Wierth; Elm Ridge, Ad Hall: Mrs. Robert Kalkbrenner, Route 1, Cameron; Thorndale: to be announced; and Baileyville: Ira Bruns, Route 2, Rosebud.

Hurricane Camille cost the American Red Cross over \$20 million in assisting nearly 29,000 families that registered for assistance. However, this was only one of over 2,000 major disasters last year.

### SCREWWORMS

There were no new cases of screwworm developed in Texas in January, but the total for 1969 came to 160 laboratory confirmed cases, according to a year-end report of the State Animal Health Commission.

Seven million sterile flies were released in Texas in January in the screwworm eradication program even though there were no cases that month.

## Logan Celebrates 93 Birthday

George M. Logan Sr., of Burlington celebrated his 93rd birthday Sunday.

Visiting him during the day at Halbert Rest Home in Rosebud were Ollie E. Logan of Huntington Beach, California, Mr. and Mrs. Fred L. Logan of New Orleans, La., Mr. and Mrs. George M. Logan, Jr. and Mr. and Mrs. Clyde S. Logan, all of Houston.

For best results on whatever you want to sell, advertise in THE HERALD.

### SQUEEZE TEST PASSE'

Using electric vibrator storecord sound waves passing through apples, researchers can measure their ripeness, National Geographic says. When perfected for packers, the method may eliminate the damaging "squeeze test" food shoppers now apply to fruit.

## SCS News

District cooperators and landowners are using chemical spray for week control very effectively. There are several advantages of chemically spraying weeds over shredding. Spraying will kill the weeds and small brush closer to the ground.

One quart or one pound of low volatile 2-4-D per acre is recommended for the control of most broad leaf weeds. A mixture of one pound of low volatile 2-4-D and 1/2 pint of concentrated 2-4-ST with 10-25 gal. of water per acre can be used for hard to kill weeds and small brush.

Annual weeds should be sprayed when the weeds are young and succulent usually March 15 to April 15. In areas where cotton is grown the spray-

ing should be performed before the cotton comes up. Caution should be taken when spraying close to farmsteads and not spray close to shrubbery.

Perennial weeds should be sprayed when they are growing and the temperature is between 60 & 80 degrees for best results. You should not spray any harmful chemical when the wind velocity exceeds 10 miles per hour.

All chemical weed control should be in compliance with state and county laws.

Assistance is available to cooperators and landowners through your local Soil Conservation Service and Little River-San Gabriel Soil & Water Conservation District.

## Continue Winter Feeding For Healthy Calf Crops

COLLEGE STATION  
Inadequate feeding of beef cows during the winter will result in delayed conception and even reduced calf crops, according to Uel D. Thompson, Extension animal husbandman at Texas A&M University.

Thompson says that currently there is a shortage of roughage of sufficient quality and quantity to maintain cows and bulls in top breeding condition.

Unless the requirements for protein, energy, vitamins and minerals are met, there will be delayed conception and thus delayed calving.

Under these conditions, producers are urged to consider using high-energy feeds, such as grain sorghum. He added that hays with at least ten percent crude protein will satisfy the requirements if fed in sufficient amounts.

Thompson emphasized that the additional feeding should be continued until the new spring grass has sufficient strength to maintain the cattle. He warned that the first sign of spring grass is no indication that supplemental feeding can be stopped.

This young tender grass is extremely high in water, high in crude protein but extremely low in energy.

He also pointed out that the total digestible nutrient requirement is twice as high for a cow with a nursing calf than for a dry cow. A good practice, he adds, is to separate cows with calves from dry cows and feed each group accordingly.

Cattle with access to some green grazing, however short, are not likely to suffer from a vitamin A deficiency, he says. This vitamin is necessary for successful growth and maturation of the sex cells in bulls and proper conception in cows. If a cow has a serious deficiency of the vitamin, she will probably not settle. Vitamin A

## Clarkson

By Mrs. J. A. Blasienz

Mrs. Harry Chollett and David, Garey, Richard, Billy Dona Gay, Sherry Lynn, and Ricky Lee of Waco were guests of Mr. and Mrs. Elo Chollett on Sunday.

Mr. and Mrs. Billy Surovik, Howard and Amy of Dallas visited with Mr. and Mrs. Emil Skupin Sunday.

Mr. and Mrs. James Albertson of La Grange were guests of her sister and family, Mr. and Mrs. Otto Mayer on Thursday.

Mr. and Mrs. Donald Ray White and Leann of Porter spent the weekend with his parents, Mr. and Mrs. Cullen White.

Mr. and Mrs. Jackie McCollum and Melissa of Houston were guests of her parents, the George Dodd family during the weekend.

Mrs. J. A. Blasienz visited with Mr. and Mrs. Bill Harrison of Dallas. Amos Doskocil in Ben Arnold on Friday.

Mr. and Mrs. Melvin Posvar and Malinda and Alan were guests of Mr. and Mrs. Joe Lee Posvar and family in Temple Sunday.

The Manual Behne family of Dallas, James Behne of Marlin, and Mr. and Mrs. George Dodd, Ricky and Karen, were guests of their mother, Mrs. M. H. Behne in Rosebud recently.

Mrs. Joe Hauk spent the weekend in Bryan with her mother, Mrs. T. W. Garrett and other relatives.

## BURLINGTON NEWS

By Mrs. Gerald Foshea

Roy Samples, a former resident here for many years, passed away Sunday March 8 in a Cameron nursing home and was buried Tuesday in Woodland Cemetery of Rosebud.

Foy Benesh of Houston visited his mother, Mrs. Hattie Benesh during the weekend and she returned home with him Sunday to spend two weeks.

Mr. and Mrs. Allen Benesh and Trip of Corpus Christi visited Mrs. Hattie Benesh and Mr. and Mrs. Pete Benesh during the weekend.

Mrs. Fritz Stoeber of Ben Arnold entertained the 42 Club Tuesday afternoon.

Mr. and Mrs. Paul Moore of Killeen, the Fred Cochran of Cameron, the Joe Ralston and Bobby of Temple, Mrs. Aleta Marek and Mr. and Mrs. Thomas Polk and boys of Rosebud visited Mr. and Mrs. Gerald Foshea and William Sunday.

Mr. and Mrs. Melvin Janke of Rosebud visited Mr. and Mrs. Paul Janke, Eddie and Walter Sunday evening.

Mrs. Bruce Crook, Melissa, Lori and Melanie of Cameron visited Mr. and Mrs. Bob Wied Saturday evening.

Mr. and Mrs. Roy Lee Franklin of Bryan, Alex Smith of Kempner and Claude Smith of Artesia, N. Mexico visited Mr. and Mrs.

Gerald Foshea and Mrs. J. T. Prescott and Jake during the weekend.

Mrs. Thomas Snow of Houston and Mrs. Kenneth Connell of Pasadena visited Mrs. Henrietta Hagerty, Kathleen and Harry Monday. Harry returned home with them Monday evening to spend two weeks.

Mr. and Mrs. Ed Leirman of Ben Arnold visited Mr. and Mrs. Ervin Stoeber Monday night.

The Henry Davenport, the Arthur Davenport and the Carlton Parkers of Hewett spent last Thursday at Buchanan Dam.

## DO YOU HAVE A PERSONAL RX MAN

It's important to select one because your pharmacist is your physician's consultant about new products--is interpreter of your physician's prescriptions--is responsible for insuring that various drugs are compatible when you have more than one prescription--is responsible for the safety of product and dosage in relation to your age and condition. Your pharmacist should in fact know almost as much about you as your physician.

We are honored when we are entrusted with your prescriptions and the maintenance of your prescription records for you and your family.

## MACK'S OIL CO.

# Fried Newspaper May Be Main Course Of Future

WASHINGTON

Many people literally will have to eat their words if scientists succeed in making protein out of old newspapers.

Researchers at Louisiana State University have found a micro-organism that breaks down cellulose waste and converts it into pure protein the color of straw and the texture of rough flour.

About 250 pounds of bagasse, the residue of the sugarcane plant from which the juice has been

extracted, yields 50 pounds of nutritious protein.

The researchers hope to convert newsprint, wood chips, stripped cotton vines, corn stalks, hay and other cellulose waste into similar protein for food, the National Geographic Society says.

WASTE ANSWER SOUGHT

The LSU experiments are supported by a grant from the Bureau of Solid Waste Management of the United States Health, Education and Welfare Department's Environmental Control

Administration.

They are part of the campaign against pollution. Since a basic rule of science is that matter can be changed but not destroyed, scientists around the world are studying ways of changing refuse into usable products.

A Japanese machine compresses trash and garbage into dry, odorless blocks bound with vinyl mesh. The machine's inventor says the blocks could be used in building construction, but they now are being used in landfills until their durability is proved.

Incinerators that operate at blast-furnace temperatures in airless chambers reduce refuse, including glass and metal scrap, to lava-like cinders usable in making cement blocks, fiberboard, or shingles.

Several European cities con-

vert trash into energy through smokeless incinerators whose fires feed the boilers of electric generating plants. Three tons of refuse provide as much heat as a ton of coal.

CONTAINERS SELF-DESTRUCT

Research teams in the United States and in Sweden are experimenting with containers that disintegrate in sunlight when discarded and turn into mulch. A scientist at South Carolina's Clemson University is testing bottles that melt away a few days after being broken.

Another researcher at the University of Illinois is studying a fermentation process that could convert food, paper, and other organic waste into natural gas for heating, cooking, and lighting.

Before the end of the century, scientists expect to harness the power of the hydrogen bomb in thermonuclear power plants. Instead of being a pollutant, the incredibly hot exhaust from such plants could be utilized as a "fusion torch" that would vaporize all waste matter it hit.

The fusion torch would reduce trash to its original elements such as iron, copper, aluminum, silicon, and other components for re-use.

Since the United States alone is expected to produce nearly ten billion tons of refuse between now and the year 2000, the fusion torch might save mankind from being buried in its own trash.

Otherwise, predicts one scientist, it might be necessary to load waste material into rockets and shoot them into the ultimate incinerator, the sun.

## Your Serviceman

DWIGHT L. COLBERT

CAMP MCKENZIE, KOREA

Dwight L. Colbert, 19, whose mother, Mrs. Dorothy M. Colbert, and adoptive mother, Mrs. Helen M. Lewis, live at 709 N. Scott St., Cameron, was promoted to Army specialist five at Camp McKenzie, Korea, where he is serving with the 2nd Infantry Division.

Spec. 5 Colbert, a driver and gunner in Troop A, 4th Battalion of the division's 7th Cavalry, entered the Army in June 1968, completed basic training at Ft. Polk, La., and was stationed at Ft. Knox, Ky., before arriving overseas in January 1969.

The son of Joe Colbert Jr.,

7614 Croston, Houston, he is a 1968 graduate of O. J. Thomas High School in Cameron.

The ceremony took place Jan. 15.

A 1953 graduate of Rockdale High School, he received his B.S. degree in chemistry from Southwest Texas State College and has also studied at the University of Texas.

## GERALD DOCKALL

LAREDO

Gerald W. Dockall, whose wife, May, is the daughter of J. T. Downey of Milano, has been promoted to major in the U.S. Air Force at Laredo AFB, Tex.

Major Dockall, a detachment commander, is with a unit of the Air Weather Service which provides weather information for military flight operations.

The major, who has completed a tour of duty at Nha Trang AB, Vietnam, has more than 10 years service.

VETS

The law makes educational assistance available to wives or widows of veterans with service-connected total and permanent disabilities, and widows of veterans or servicemen who die of service-connected causes.

Shooting stars are meteors usually no bigger than a pebble or grain of sand. Seven or eight may flash across a wide horizon during any hour of a clear night.

# On March 21 35th Yoe Relays

Eighteen teams will be competing in the 35th annual Cameron relays set for Saturday, March 21 at Yoe Field. Coaches and tracksters are hoping for better weather than last year, when drizzle and rain dampened the event.

Ken McLerran, Yoe's lithe pole vaulter, will be seeking his second district championship, having won that honor in his freshman year with an 11' 6" vault that tied Cameron's school record.

Last year Ken won first in the Cameron and Rockdale relays with 11' 6" vaults, and went on to take second place in district with 12'. He placed sixth in regional competition.

Cameron placed third in last years relays, with Round Rock winning top spot and Hearnes second. The 1969 Cameron record was a repeat of 1968 when Yoe was third. In 1967 the Yoe broke a 32-year record by winning their home meet.

Yoe tracksters will travel to Rockdale on Friday for the 15th running of their relays, with a threat of rain in the weather forecast. Last year that event was postponed a week because of rain.

Preliminaries for the Cameron relays will get underway at 12:30. Headcoach Hal Stanislaw said, with finals starting at 7 p.m.

Lined up for Cameron are: 440 - Emanuel Thomas, Robert Brashear, Edward Whitley, Prentiss McGoldrick, and Jerry Richardson.

HURDLES - Mike Zajicek, Johnny Bailey, and Richard Cummings.

WEIGHTS - James Mueck, Ronnie Richardson, Jackie Raymond, David Fritz, and William Whiteside.

HIGH JUMPERS - Jerry Richardson and Ronald Gilbert.

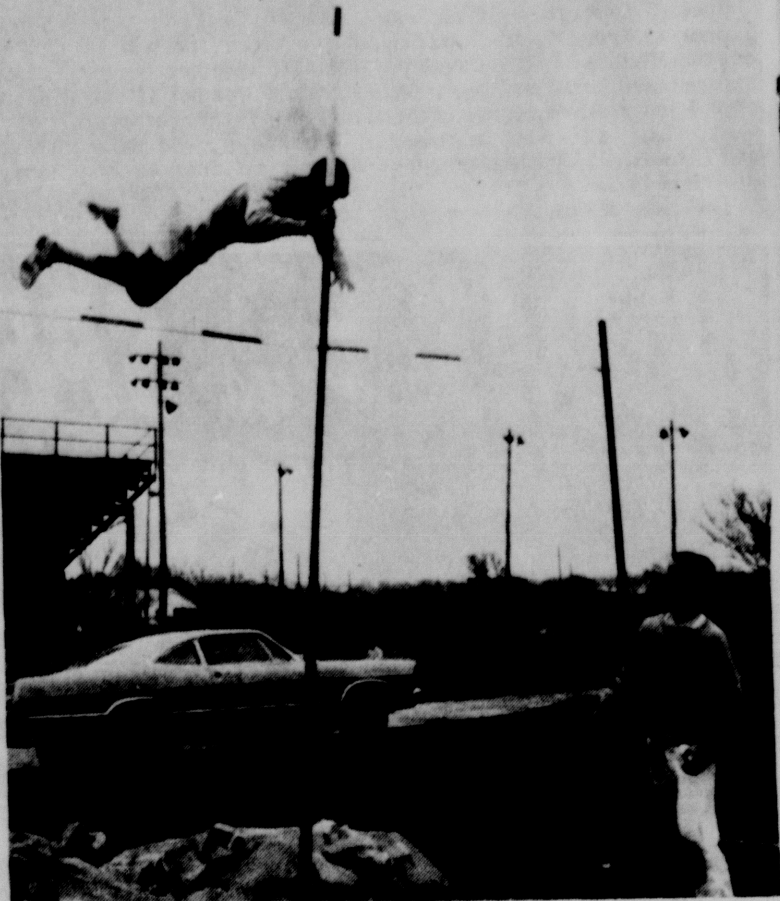

880 - Carroll Michalka

POLE VAULT - Ken McLerran and Dean Prokisch.

SPRINTERS - Bill Gray, Winfred Debose, and Dan Bradley.

MILERS - Robert Kretschmar, Jack Kirk, and Joe Vaculin.

Teams expected for the March 21 competition include: Hays Consolidated, Milano, Round Rock, Northwest, Killen Junior Varsity, San Saba, Temple JV, Robinson, Bryan JV, Georgetown, Elgin, Academy, Centerville, Groesbeck, Bremond, Whitney, and host Yoe and Yoe B.

UP & OVER goes Ken McLerran, Yoe's pole vaulting champ, while sophomore Dean Prokisch readies to catch the pole. The March 21 relays will be Ken's third on home Yoe Field, and the first for Dean as a varsity pole vaulter.

## Cameron In HD Agent's Notes Girls V-ball Semi-Finals

By Christine Laws

Lockhart defeated Cameron in a play off game at the 13th annual high school girls' volleyball tournament and went on to take a tournament second behind Killen.

The tournament was March 6 and 7 at Mary Hardin - Baylor College with 27 area high schools competing.

Cameron girls won the first play-off game against Lockhart 18 to 16 with Lockhart coming back to defeat them 13 to 15 in the next two games.

Matched next against Academy and Granger, Cameron won both sets for a place in the semi-finals. Lancaster scored two wins against Cameron in semi-finals, 15-13 and 15-11.

Tournament entries from Yoe High School were: Annie Leskar, captain, Bridget Mortimer, Kim Coufal, Linda Vogelsang, Denise Botts, Helen Townsend, Virgie Hardeman, Elizabeth Steadman, Mary Ann Miller, Martha Lynn McDermott, Gladys (Buttons) Cochran.

Most expensive spice is Mediterranean saffron which retails for \$82 a pound.

Supermarket produce departments will boast more sales, profits and prestige in 1970, according to recent grocery's study. And there will be changes for the shopper!

Some interesting projections in produce packaging for the future: ready-to-serve peeled oranges packaged in window boxes, more polystyrene and plastic trays in a variety of sizes, shapes and colors and sauces in small containers to go with the produce.

New packages may be self-watering with encapsulated minute drops of water that can be released by proper pressure to the package; or self-fumigating with chemically impregnated pads upon which moisture will act to fumigate grapes and other produce in transit or storage.

Other produce on the market this year may come in ready-to-cook form which is peeled and diced.

NO WASH-NO SOAP A myriad of paper products now substitute for their cloth counterparts. . . handkerchiefs, towels, baby diapers, hospital bed sheets, napkins. None of them have to be washed or ironed. . . just thrown away when soiled.

This not only cuts down on laundry chores, but also cuts into soap and synthetic detergent consumption.

TOWERING PECAN tree on Riverside Road fell across the road, apparently after the weight of the top proved too much for the roots, which broke off. The tree was at least

80 feet tall with tremendous top limbs. A county worker stands under one of the large branches, his size diminished by that of the tree.

## 1040 U.S. Individual Taxpayers Ask IRS

This column of questions and answers on federal tax matters is provided by the local office of the U.S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

Q) Since I'm not sure what my income will be this year, can I use 1969 figures for my estimated tax?

A) Yes, one method that can be used to make an estimated tax declaration is to base it on last year's income and expense figures. Make any adjustment you think necessary in these figures when you file the declaration.

Should your income situation change after filing, make the required adjustment when you make the next installment payment. The change can be made on the estimated tax worksheet you used to figure your original declaration.

If you received a package of pre-addressed estimated tax vouchers in the mail, use one to make each quarterly payment. This will assure proper crediting of your payments. If you need to file an estimated tax declaration and did not receive the Form 1040ES package by mail, the forms can be obtained at your local IRS office.

Q) I sold some shares of stock I inherited from my grandfather. How do I report this?

A) Report any gain or loss on Schedule D. Generally, the gain or loss will be the difference between proceeds of the sale and the fair market value of the stock at the date of decedent's death.

For your convenience, a copy of Schedule D and instructions were included in the 1040 tax package mailed out this year.

Q) Is a company pension taxable?

A) If the company paid the entire cost, the pension usually will be fully taxable when you receive the proceeds. If you contributed to the cost of the pension, then only a portion is taxable.

If the employee's total contributions are recovered within three years after he receives his first pension payment, no tax has to be paid on the pension until the employee's total contributions are recovered. If the employee's contributions will not be recovered within that time, a portion of the pension will be taxable each year.

This is explained in greater detail in the instructions accompanying Schedule E which is part of the 1040 tax package.

Q) Do you need all my W-2's? I had several part-time jobs last year in addition to my regular one.

A) Yes, a W-2 from each employer should be attached to the back of your tax return. A missing W-2 was a major reason for delayed refunds last year. If you cannot get all your W-2 forms, report all your income and attach a statement explaining how you computed any tax withheld from

which you claim credit, but for which you have no Form W-2.

Attach copy B of each W-2 to your return. The other copies are for state income tax returns where required and for your records.

Q) I was charged a pre-payment penalty when I paid off my mortgage. Can I deduct this?

A) Yes, this is deductible as interest if you itemize.

Q) My friend said I had to add the surcharge to what the tax table showed I owed. Is that right?

A) Yes, the tax tables show the regular income tax and to this amount should be added the income tax surcharge. You should use the tax surcharge tables on page T-1 of the Form 1040 package to determine your surcharge.

The tax tables are for taxpayers with incomes under \$5,000 who don't itemize. IRS will also figure the tax due for these taxpayers in most situations.

Q) I moved last year to take a new job. Can I deduct my costs of moving from one city to another?

A) Under certain conditions, certain moving costs are deductible. You can qualify for this deduction if you move to take a new job or for another job with the same employer. You may take this deduction even if you do not itemize your deductions.

Conditions under which moving costs are deductible are covered on page E-2 of the 1040 instructions.

## • BUCKHOLTS NEWS •

By Mrs. Edwin Gandy

The Buckholts community would like to welcome Mr. and Mrs. Henry Mayes and family, who have moved here from Port Arthur.

John Jurca, who is in the service and has been stationed at Ft. Lewis in Washington is home visiting his parents, Mr. and Mrs. Adolph Jurca for a few days. When he reports back to duty he will go to San Antonio. We are proud to know that Mrs. Ellen Kolba is able to be up and about. She visited with friends here last week and is hoping she will be able to come home soon.

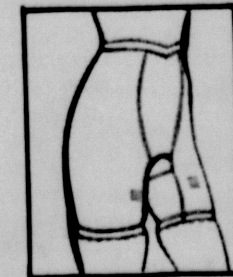

Visiting in the Anton Goss home this week were her mother, Mrs. Nora Matcek from Cameron and a sister, Mrs. K. E. Clayton and David from Conroe. Mr. and Mrs. O. J. Tomasek and children visited in the home of his parents Mr. and Mrs. Julia Tomasek this week.

Mrs. O. W. Whittington visited her mother, Mrs. Lee Garrett of Bartlett on Sunday.

Mrs. Laverne Richter and daughter of Houston visited her parents, Mr. and Mrs. Johnnie Jungmann over the weekend.

Visiting in the Johnnie Balusek home on Sunday was her brother and sister-in-law, Mr. and Mrs. Milton Glaser from Cameron.

## San Gabriel

By Mrs. Ralph Heisch

Rev. Bob Wimberly of near San Antonio has accepted the call as pastor to the San Gabriel Baptist Church and will be moving into the parsonage in the very near future. Rev. and Mrs. Wimberly have five children.

Mrs. Francis McClanahan and daughter Jo Ann of Houston visited Saturday with Mrs. Joe Yeager at the Sweetbriar Nursing Home in Taylor and spent the night with their father and grandfather, Mr. Joe Yeager at their country home.

Mr. and Mrs. Leslie Hodge and sons of Houston were weekend guests of their parents, Mr. and Mrs. Allen Conn and sister, Peggy White and his parents Mr. and Mrs. Hodge in Thorndale.

Rev. and Mrs. Kenneth England of Round Rock were dinner guests Sunday of Mr. and Mrs. Hugh McMillan.

Mr. and Mrs. R. C. Heisch of Galveston were guests Thursday and Friday of Mr. and Mrs. Ralph Heisch. They came especially for the funeral of their aunt, Mrs. Nick McBurnett Sr. Thursday afternoon at 4 p.m.

Mr. and Mrs. Paul Becker and Chris of Bryan spent Friday night and Saturday with their parents, Mr. and Mrs. Pervis Black and children.

Mr. and Mrs. William Stigall were in Lexington Sunday where Mr. Stigall was the Sunday morning speaker at the First Baptist Church there. They went on from there to visit Mr. and Mrs. Joe Adamek of Caldwell.

Mr. and Mrs. Walter McDaniel were in Round Rock Sunday to visit their daughter and family the J. C. Paynes.

Mrs. Charles Gifford was called to work at Internal Revenue Service in Austin last week. She will be commuting each day

from Thorndale in a carpool with Mrs. Ella Linke, Mrs. Hugo Linke, Mrs. Kenny Gifford and Mrs. Edward Heintze.

Mrs. Jim Stewart and Mrs. F. W. Worley visited Sunday afternoon with Mr. and Mrs. H. D. Kay of Troy.

Mrs. Pernie Northcott of Thrall spent Thursday night with her son and family the Gene Northcotts.

Mr. and Mrs. Kenny Gifford attended the Fat Stock Show and Rodeo in Houston Saturday.

Mr. and Mrs. Weldon Gilchrist were at home this weekend, but returned to Houston Sunday where Mr. Gilchrist will enter the hospital there.

Mr. and Mrs. Pervis Black and family spent Sunday with Mrs. Gladys Vaughn in Fairfield. Mr. and Mrs. James A. Smith were visiting relatives in Houston this weekend.

## LIQUID PAPER® for THE SECRETARY

(who demands  
more than a  
cover-up  
for her  
mistakes)

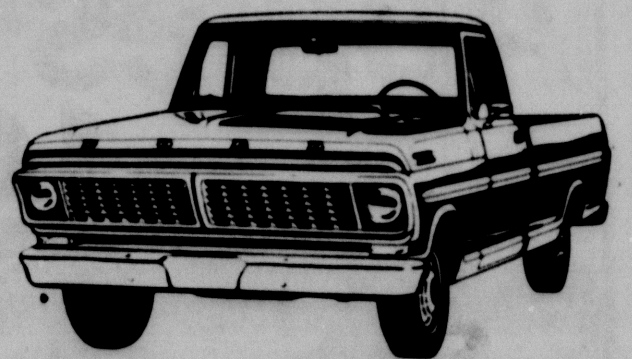

Here's a  
marvelous new  
correction method that re-  
moves the mistake by tak-  
ing it into the paper. Not  
a cover-up but a scientific  
formula that actually be-  
comes part of the paper.

AMERICAN WAY will be the theme of a Cadette Girl Scout fashion show at Methodist Fellowship Hall 2:30 to 4:30 p.m. Saturday. Doing some early modeling of young ideas fashions are Sandra Cobb, Georgann Wilkerson and Linda Hughes. Fashions will be from Berniece's, Back Door Shoppe, McIntosh's, Penney's and Schiguts. Tickets will be on sale at the door, 75 cents for adults and 50 cents for students.

### NOTICE EMPLOYMENT WANTED

In approximately 20 years I will be seeking employment. At this time my educational background has not been decided. On March 8, at 2:45 p.m., I weighed in at 8 lbs 12 ozs. My hobbies will be rabbit and squirrel hunting, and fishing and I will participate in all sports. If you feel that you can use a high caliber person with the above qualifications, please contact my parents, Sgt. and Mrs. Newton Burnett at 718 East Grove Street, Rantoul, Illinois, or my Grandparents Mr. and Mrs. Giles Burnett, and Mr. and Mrs. B. F. Grimes. Signed Lance Christopher Burnett

CAMERON, TEXAS, HERALD, MARCH 12, 1970 PAGE 7

## PROGRESS LINKS IS TOPIC FOR PLEASURE PROFIT

The Pleasure and Profit Club met at the home of Mrs. E. J. Burkes Thursday, February 26. The President, Mrs. W. A. Looney, presided over a short business session and welcomed two guests; Mrs. Roger Williamson and Mrs. Kenneth Willey.

Mrs. Herbert Nance presented the topic, "Links of Progress in Our Universe." "By Progress," Mrs. Nance said, "we may mean more or we may mean an improvement over former circumstances. Over population has caused more pollution of air, water and soil and is causing us to look closely at its results. The economic progress is related to stock market rise and fall, an unstable condition related to interest rates."

For progress in Education -- changes in reading, the new Math and the new English were cited. Progress in telephone, television, Telstar and newspapers have given merit in communication. Special technology progress has been exemplified in the moon flights, computers, radioactive isotopes that aid the

## In Case of Fire

If you smell smoke at night, don't rush from your bedroom to investigate, warns the Texas Safety Association.

Place your palm high against the bedroom door. If it's hot, don't open it. The hall outside is a deadly trap of superheated air and gas and can kill almost instantly.

If the door doesn't feel hot, brace your body against the door and open it a crack, ready to shut it if there's air pressure or the draft feels hot.

Get members of the family to safety quickly and don't waste time getting dressed or picking up valuables, urges TSA.

treatment of cancer, and the electron microscope with its miracle powers.

"As special problems of the future," Mrs. Nance concluded, "are anti-pollution measures to protect our people, land and water; and a depletion of our gene pool of good genes."

MRS. STRICKER

## RTA DIRECTOR TO MEET WITH RETIRED PERSONS

Retired teachers and other retired persons are invited to meet with Mrs. Mamie K. Stricker, a State director of National Retired Teachers Association, next Monday.

The meeting will be in the Cameron Public Library at 3 p.m. on March 16.

The RTA is a non-profit, non-political organization working to increase retirement benefits, pass helpful legislation for the age 55-over, obtain discounts on drugs and other benefits including hospitalization, Mrs. Stricker said.

Mrs. Stricker, of Waco, taught school for 25 years, is past president of the Waco RTA, and is also recording secretary of Texas RTA.

### INCA BOOKKEEPING

The Incas' unique system of recording numbers with knotted strings survives today in parts of Peru and Bolivia, the National Geographic Society says in its new book "Discovering Man's Past in the Americas."

## BIRTHS-

To Mr. and Mrs. Robert Eisfeldt, Rt. 2, Cameron, a boy, Robert Stephen, 8 pounds, born March 5 at 9:45 a.m., St. Edward Memorial Hospital.

To Mr. and Mrs. A. W. Mathis, 1405 N. Houston, a boy, Bobby Glenn, 7 pounds 1 ounce, born March 6 at 9:45 a.m., St. Edward Hospital.

To Mr. and Mrs. Nig Moody, Jr., Cameron, a girl, Kristi Ann, 6 pounds 5 ounces, born March 6 at 5:58 a.m., Newton Memorial Hospital.

To Mr. and Mrs. Clarence Webber, 202 E. 15th, Cameron, a boy, 10 pounds 2 ounces, born March 9 at 9:45 p.m., St. Edward Hospital.

## Jones Prairie

## Troop 387 Elects Patrol Officers

By Mrs. Bill Thweatt

Rev. Elder and Rev. J. O. Morn were Sunday dinner guests of the Hymans at Mayfield.

We are happy to learn Mr. Hope Jamison and Mrs. Eula Vaughan have come from after a lengthy stay in hospitals.

Mrs. Bill Thweatt visited Mr. and Mrs. Billy Thweatt of Georgetown Wednesday.

Mr. and Mrs. Walter Blackmon of Mexia visited Mr. Milton Weems Sunday.

Rev. J. O. Morn (area minister) of Rockdale was guest speaker for worship services Sunday morning.

Visitors in Mr. Willie Bur-netts home over the weekend were Mr. and Mrs. Bradley Bur-netts of Beaumont, Mr. and Mrs. Leland Burnett and children of Ben Arnold and Mr. and Mrs. Giles Burnett of Minerva.

Officers were elected for Girl Scout Troop 387 at a recent meeting. Ann Kahler was elected Troop Scribe and Joyce Burnett was elected Troop Treasurer.

Patrol officers are: Janet Angell, Longhorns - Janet Angell, Sherrie Heitman, treasurer, Teresa Mortimer, secretary.

Helpers - Janice Friel, Etta Mae Angell, secretary, Joyce Burnett, assistant leader, Connie Eplen, treasurer, Lovebugs - Brenda Burnett, Mary Margaret Cham-ler, assistant leader, Mary Hulse, treasurer, Ann Richard-son, secretary.

The first one to sail around the world alone was Joshua Slo-cum of New England, who made the trip between 1895 and 1898.

**10**  
resounding reasons  
why you should buy  
a new Chevrolet  
instead of a new  
something else:

- 1 Higher resale value.** Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.
- 2 Deep down value.** Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.
- 3 Smooth, smooth ride.** Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system.
- 4 Impressive styling.** The impression is that it's an expensive car, if you want to make an impression.
- 5 Massive interiors.** Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.
- 6 Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.
- 7 A finish that lasts.** It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.
- 8 Exceptional engines.** Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.
- 9 Tremendous selection.** Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
- 10 America's favorite.** Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?

Putting you first, keeps us first.

# Revival To Start March 15 At First Baptist Church

REV. WILLIAM AGEE

which are scheduled to begin at 7 each morning and at 7:30 each evening on weekdays. On Sunday, the services will be at 11 a.m. and 6 p.m. A nursery will be provided for all evening services.

Music for the revival will be directed by Tony Price, a Baylor University student. The choir will be active in services for the revival.

Rev. Agee graduated from the Arkansas High School in Texarkana. He has a BA degree from the Ouachita Baptist University and a BD degree from Southwestern Theological Seminary in Fort Worth.

He has pastored churches in Whitehouse, Tyler, and Rockdale before assuming the pastorate of the Emmanuel Baptist Church in 1965.

Rev. Agee is active in Association work in Baptist life. He has held almost every position in Associational work and has served on the Executive Board of the Baptist General Convention of Texas. He is presently a trustee of the Hillcrest Baptist Hospital in Waco.

The First Baptist Church in Cameron will be in Revival the week of March 15 - 22.

Evangelist for the week will be Rev. William Agee, pastor of the Emmanuel Baptist Church in Waco.

The public is cordially invited to attend the revival services.

Larry Butler is home on leave for a visit with his parents, Mr. and Mrs. Hilton Butler. He has just returned from a tour of duty in Viet Nam.

Miss Sandra Slay Dallas visited here over the weekend with her parents, Mr. and Mrs. Raymond Slay and sister Cheryl.

Mr. Malcolm Timmons spent a few days last week in the Hearne Hospital.

## P&W Funds Available For Parks

Funds for developing local city parks are available through the Texas Parks and Wildlife Department, according to Rep. Dan Kubiak.

The funds are available up to 50 percent of the total development cost of the completed project.

A committee should be appointed either by the mayor or Chamber of Commerce president for the specific purpose of developing a city park. A new federal regulation requires all projects which request state and federal assistance be reviewed by the appropriate council of governments.

In Falls, Milam and Robertson Counties, the projects may be reviewed by the Heart of Texas Council of Governments. A. K. Steinheimer is executive director.

In many cases, the councils of government have initiated the work on parks in the state, Rep. Kubiak said.

### FARM WORKERS HOUSING

U. S. Department of Labor regulations require employers of migrant farm workers to provide housing that, among other things, has a refrigerator, grocery storage space, a fire extinguisher, and an emergency first aid kit.

Longest will on record consisted of four bound volumes containing 95,940 words.

## Texas School Integration Shows Good Progress

AUSTIN  
Racial desegregation, one of many perplexing problems facing the nation's public schools, has thus far caused less grief in Texas than in most other states.

How Texas public schools began working toward racial integration in 1954, and how they are currently moving at a faster pace toward this goal are reported in an article titled "Desegregation: The Texas Story," in the March issue of the Texas Outlook, magazine of the Texas State Teachers Association.

The writer, Marj Wightman of the Texas Education Agency staff, reports that Bloomington Independent School District in Victoria County was the first to begin integration of black and white students in its classrooms, in 1954.

Since then, some 1,150 school districts in Texas have completely desegregated their schools, moving toward unity with no outside help, Miss Wightman reports. She writes: "Others asked for help and advice from state and federal agencies. Today many Texas school districts have integrated both their students and teachers. How much still remains to be done?"

"At this writing, 30 school districts, all holding strongly to the traditional neighborhood school concept, have submitted unacceptable plans to the U.S. Department of Health, Education and Welfare (HEW).

"Eleven districts face court action by the U.S. Department of Justice. Two districts have given up federal funds rather than integrate their schools. Seven districts, which were eligible for federal funds, have elected not to apply for this aid; however, they did submit plans for desegregation."

### BUSING PROBLEM

A major problem in the desegregation issue is the HEW edict on busing of both black and white students from their

## Obituaries

### Sample

L. W. Sample, 92, of Cameron and formerly of Burlington, died in a local rest home following a long illness.

He was born on October 22, 1877 in Lee County, and lived in a local rest home following a long illness.

He was born on October 22, 1877 in Lee County, and lived at Burlington for more than 50 years before moving to Cameron. He was a Baptist.

Funeral services were held at 2 p.m. Tuesday at the Hoelscher Funeral Home chapel in Rosebud, with burial in the Woodland Cemetery at Rosebud.

Surviving are two step sons, Rev. Asa Avant of Austin and Dan Prescott of Waco; two step daughters, Mrs. George Gustafson of Austin and Mrs. Jack Westbrook of Waco; a brother, Homer Sample of Ft. Worth; several step grandchildren and a number of nieces and nephews.

### Radtke

Mrs. Louise Radtke, 81, of Rockdale, died in a Rockdale hospital Sunday morning.

Funeral service was held at 2 p.m. Monday in the Phillips and Lucky Funeral Home chapel, the Rev. Gary Mayor officiating. Burial was in the Murray Cemetery.

She is survived by her husband, Sam Radtke of Rockdale and several nieces and nephews.

### F. A. Abel

Floris A. Abel, 52, died in a Temple hospital at 3:55 p.m. Sunday, March 8.

Mr. Abel was born August 19, 1917 at Buckholts and was a farmer and rancher in the Sharp community.

Funeral services were held Tuesday at 2 p.m. in the chapel of Marek-Burns Funeral Home, the Rev. Gary Mayer of Rockdale officiating. Burial was in Hope Lutheran Memorial Park in Buckholts.

He is survived by his wife, Mrs. Floris Abel of Buckholts; his parents, Mr. and Mrs. Louis Abel of Buckholts; three daughters, Mrs. Kenneth Wedekes, Mrs. Linda Abel and Miss Kathi Abel, all of Austin; one brother, Alvin Abel of Buckholts; three sisters, Mrs. Eugene May of Temple, Mrs. Robert L. George of Merced, Calif., and Mrs. Floris Fuchs of Pearland.

Pallbearers were Gene Hillman, Bill McMurry, Dr. R. M. Tittsworth, Lester Jackson, Bud Donaldson, and Ray Garrick.

### Fuessell

Mrs. Ella Fuessell, 85, formerly of Buckholts, died late Monday afternoon in a Temple hospital after a long illness.

She was born August 28, 1885 at Paige, Texas.

CAMERON, TEX., HERALD  
MARCH 12, 1970, PAGE 8

Funeral service was held at 2 p.m. Wednesday at Hope Lutheran Church, Buckholts, the Rev. Ernie Braun officiating. Burial was in Hope Lutheran Memorial Park.

Surviving are six sons, Alex Fuessell of Cameron, Conrad Fuessell of San Angelo, Adolph Fuessell of Corpus Christi, Freeman Fuessell and Raymond Fuessell, both of Temple, and Clarence Fuessell of Houston.

Also surviving are four daughters, Mrs. Walter Stork of Rockdale, Mrs. Lora Janes of Buckholts, Mrs. Ella Zavrel of Temple and Mrs. Paula Kratochvil of Cameron; four sisters, Mrs. Anna Galler and Mrs. Mary Henke, both of Temple, Mrs. Dora Galler of Port Arthur, Mrs. Bertha Kluge of Houston; 18 grandchildren; and 33 great grandchildren.

Marek-Burns Funeral Home was in charge of arrangements.

### CENSUS DISTRICT OFFICE OPENS IN WACO FOR 21 COUNTY AREA

With the official opening of the district office in Waco, the active phase of the 1970 census gets underway in this district, according to the Bureau of the Census.

Milam is one of the 21 counties included in the Waco district and is not in a "mail-out, mail-back" area. This means all census questionnaires will be picked up by census takers.

Beginning four days before April 1, mail carriers will leave census questionnaires at each residential mailbox.
